

What is YIP?

Young Innovators Program (YIP) is the specially designed program under Kerala Development and Innovation Strategic Council (K-DISC) with a goal to expose students to a culture of innovation. YIP aims to empower the youth to innovate products, services or solutions to meet the emerging requirements of the market/society/state through an innovative challenge.

What do you get?

- Through a multi-stage process, K-DISC will select/shortlist the most promising/best young innovators with novel and innovative ideas to critical problems/issues, from education institutions across Kerala.
- These young innovators will be provided requisite training and skill development, mentorship and resources to help them work towards building products, services and/or solutions to their chosen problems/issues.
- Ultimately, the young innovators will showcase their efforts, based on which they may be awarded a scholarship, admittance to an incubation or acceleration program, a research grant, or even funding for scaling up/mass production.

Interested? Register your idea here: <https://yip.kerala.gov.in/yipapp/index.php/PostIdea/>

Last date for registration: 28 July 2020
