## Policy on Finance

<b>Volume</b>	II
<b>Responsible Executive</b>	Bursur, St. Berchmans College
<b>Responsible Office</b>	Office of the Principal, St. Berchmans College
<b>Date Issued</b>	November 2020
<b>Date Last Revised</b>	November 2022

### 1. Statement of Policy

St Berchmans College is committed to affordable, quality education for all. The policy on finance of St Berchmans College is in pursuit of our goal of education with excellence and the corresponding multitude` of benefits to our nation and its economy. In addition to primary expenditures, related to infrastructure and resources, India's National policy on Education identifies the following key long-term thrust areas for financing to cultivate an education system: investing in teacher education and continuing professional development of teachers; cultivating research and innovation and the extensive use of technology and online education.

At a time when the public spending on Higher Education is diminishing, the academic community shall strive to attract investment in Higher Education through our knowledge and expertise in consultancy, innovation, intellectual property rights, research and extension activities. The Policy also calls for the rejuvenation, active promotion, and support for initiatives towards raising private philanthropic funds over and above the public budgetary support to enhance educational experiences.

## 2. Objectives

Financial governance and management will focus on the smooth, timely, and appropriate flow of funds, and their usage with probity and accountability. An administrative process that streamlines a smooth disbursement mechanism of allocated funds is solicited. The Policy mandates full public self-disclosure of finances and procedures.

In particular, financial support will be provided to various critical elements and components of education, such as ensuring learning resources, matters of student safety and well-being, adequate numbers of teachers and staff, teacher development, and support for all key initiatives towards equitable high-quality education for underprivileged and socio-economically disadvantaged groups.

## 3. Individuals and entities affected by this Policy

All the teaching faculty, students and non-teaching staff of the college.

## 4. Roles & Responsibilities

The Finance Committee which is a statutory body of the college is responsible for executing the policy on finance.
