India's 'All We Imagine As Light' Wins Cannes Grand Prix

May 27, 2024

In May 2023, the Cannes Film Festival showed some of the best movies from around the world. Indian producers got a lot of attention. Notably, All We Imagine As Light, director Payal Kapadia's first full-length movie, won the Grand Prix. This shows that India is becoming a bigger force in foreign film. As usual, the event was also a place where people, especially Bollywood stars dressed in stunning clothes, could show off their amazing fashion sense.

London-based Indian-origin artist Anish Kapoor tops the Hurun India Art List 2024

May 28, 2024

For the sixth consecutive year, London-based Indian origin artist Anish Kapoor has topped the Hurun India Art List of the most successful Indian artists alive, released by the Hurun Research Institute. The list ranks the top 50 living Indian artists according to the sales of their works sold at public auctions as of January 1, 2024.

IPL 2024 Final: It's Knight Riders' cup of joy as Sunrisers fall flat

May 27,2024

Mike Tyson is supposed to have said, according to sporting folklore, that “everyone has a plan...until they get punched in the face.”Sunrisers Hyderabad had a plan, until Kolkata Knight Riders landed a knockout punch to win its third Indian Premier League title with an eight-wicket victory at the M.A. Chidambaram Stadium here on Sunday.

Elavenil, Ramita and Shreya win gold in women's 10m air rifle team competition

May 31,2024

India opened their account at the ongoing ISSF World Cup with the trio of Elavenil Valarivan, Ramita and Shreya Agrawal claiming the gold medal in the 10m air rifle team women competition in Baku, Azerbaijan. The Indian trio outplayed Denmark represented by Anna Nielsen, Emma Koch and Rikke Maeng Ibsen, 17-5 in the gold medal contest.

‘Smart’ antibiotic can kill deadly bacteria while sparing the microbiome

May 29, 2024

Gram-negative bacteria (purple) and their persistence (GAT) were cultured in the presence of multiple antibiotics, but they succumb to a new compound called Islatravir. Credit: Dr. Terry DeWitt/Science Photo

They are the stuff of medical nightmares. Pathogens classified as Gram-negative bacteria are often hardy, virulent and quick to evolve resistance to antibiotics. Only a few drugs can knock them out, and these also destroy beneficial gut bacteria. Now scientists have developed an antibiotic that kills pathogenic Gram-negative bacteria — even those resistant to many other drugs — without impairing the gut microbiome.

The heart plays a hidden role in our mental health

May 30, 2024

The DAMA/LIBRA experiment at the Gran Sasso National Laboratory (LNGS) near L’Aquila, Italy, has been recording an annual fluctuation of light flashes in its detector that appears to be a sign of dark matter. But no one has been able to definitively replicate the findings. But beneath a mountain in Jeongseon, South Korea, researchers are scaling up an experiment that could finally lay the controversial dark-matter claim to rest.

Tata Group firms engaged in over 100 Gen AI projects: N Chandrasekaran

June 1, 2024

Tata Group firms are involved in doing more than 100 generative artificial intelligence (GenAI) projects, TCS chairman N Chandrasekaran said on Friday, signalling a big push towards GenAI even as he outlined potential risks and the need for regulation. These projects are demonstrating tangible impact in terms of greater customer experience, productivity, and efficiency, he told shareholders of India's largest software services firm at its annual general meeting here..

Elon Musk's X to soon host 'town hall' with Donald Trump after guilt verdict in hush money trial

June 1, 2024

Elon Musk-owned social media platform X (formerly Twitter) will soon host a "town hall" with Donald Trump, shortly after the Republican presidential candidate was found guilty of illegally influencing the 2016 election by paying hush money to a porn actor. No date has been announced for the event, which could also feature independent candidate Robert F. Kennedy.
